Hey Shawn,

We just provided over site and direction through ICS. I think the tracking term is PRP response without instrument (no AO, no fund lead). Anyway, we don't write Action Memos for these kind of responses. The Polreps and IAPs are what we have.

Hi Kerry,

How are you doing, I hope all is well. My name is Shawn McCaffrey and I am new to the CERCLA enforcement team and was recently assigned the Red River Warehouse Fire site. I read through POLREPs #1-3 which were all very useful but wondered if I could get a copy of the Action Memo for the site and any other info you think I would find useful. I didn't see the AM loaded in SDMS yet or on the OSC website. Any help would be greatly appreciated. I look forward to hearing from you soon. Thanks!!!
